

THE WORLD OVER

ETHIOPIANS TO DEFEND LAND

FIVE ARE MISSING FROM PONOKA

HORSE DISEASE IN SASKATCHEWAN

236 CANDIDATES ARE NOMINATED

ADOLF ARABIA—Emperor Haile Selassie told his Crown Council in ringing tones on Monday that Ethiopians are ready to take up their stand "in the mountains God gave them," and defend themselves with their last drop of blood.

Despite remissness of the United Nations and the impending truce negotiations on the Italian-Ethiopian dispute, "Italy continues to use troops and material" to Africa, the emperor declared.

Somewhere in the vast stretches of bush country around Ponoka, five men inmates of Ponoka Mental Hospital, were hiding from the law Monday evening.

The men, none of whom was said to be dangerous, walked out of the institution after supper Sunday evening for their usual three-hour parole from their rooms, and they failed to return. Their absence was noted shortly after 9 p.m., when the usual roll call was taken, and hospital authorities started immediate search for them. Hampered by darkness the searchers met with failure and Monday morning aid of Royal Canadian Mounted Police was enlisted.

SASKATCHEWAN—Encephalomyelitis, brain and spinal column disease of horses that kills 50 per cent of the animals attacked, and which has been causing heavy losses in Manitoba, has now appeared near Saskatoon Dr. J. B. Fulton of the animal disease laboratory of the University of Saskatchewan, visited three cases on farms near Floral, 18 miles east of Saskatoon, and at Young and Watrous, which appeared from the symptoms to be infected with this disease. Other suspected cases were reported from Imperial and Wadena.

Dr. Fulton said that serum was available to protect horses against both the strain of the organism which had caused losses in eastern part of the continent and also the type which had affected western horses.

SEDMONTON—Greatest number to seek seats in any western provincial election, 236 candidates were officially nominated on Monday for the Alberta elections on August 22.

Toppling the lists of candidates for the 51 seats in the Alberta Social Credit League, making its debut in politics with 63 candidates, while Liberal nominees totalling 65, and Conservative nominees totalling 108, named 45 candidates and Conservatives in the field totalled 88. Other candidates included: 12 Independents, eight; Communists, nine; Single Tax, one; Co-operative Commonwealth Federation, one.

Alberta's previous high mark in nominations for elections occurred in 1906 when 187 were named. In the last Alberta election in 1930, nominations totalled 163.

BRAINSHER ELECTED VICE-PRESIDENT OF ALBERTA LAWN TENNIS ASSN.

At the annual general meeting of the Alberta Lawn Tennis Association, held in Carleton last week-end, W. A. Braisher of Carleton was elected second vice-president for the ensuing year.

Philip: "I hate those revolting doors. Morrie: 'We do. I. You can't slam them when you're mad'."

He slipped the nectar from her lips As 'neath the rose and rose he lay. And he wondered if ever another man Had drank from a mug like him.

Hoots (sighingly): "You know, I've heard a great deal about you." Politician (absently): "Possibly, but you can't prove anything."

PREMIER REID, A. B. CLAYPOOL DEFEND GOVT

U.F.A. Member for Oldsbury Halpful Adviser, Says R.G. Reid

ALL-WEATHER HIGHWAY

Premier R.G. Reid, and Mr. A. B. Claypool, U.F.A. Independent Candidate in this riding, addressed a large gathering of voters in the Palace Exchange hall, Carbon, on Friday afternoon, August 9th.

Jas. Gordon acted as chairman of the meeting and the first speaker was Mr. Claypool, who did not take up too much of the time owing to the rush that Mr. Reid was in to keep an appointment in the evening. Mr. Claypool will hold a meeting in Carbon on Saturday, August 17th, at which time he will give the populace more facts and details.

The speaker of the afternoon, Mr. R. G. Reid, Premier of Alberta, was welcomed with much enthusiasm and in opening his remarks dealt with Mr. Claypool's record in the Legislature and stated that on numerous occasions he had been able to give the legislative body much advice on the government of the country, which advice had in many instances been embodied in the laws of the province. He stated that Mr. Claypool was a good adviser and clear thinking at all times.

Reid said that the attitude of the other political parties of Alberta towards the growing debt of the province, but stated that the people need not be unduly alarmed about this. He said that as a new province Alberta needed highways and other public works, all of which were permanent fixtures in Alberta, and being so should be paid for by the future, as well as the present taxpayers. Thus the expenditures had been spread over a number of years, which, of course, showed as a public debt.

Regarding highways, Mr. Reid stated that when the Government took office in 1921 there were 35 miles of all-weather roads in Alberta. Today, at a cost of over 14 million dollars there are 250 miles of highways—and the expenditure had been justified. At the present time the government has approximately for over 1500 miles of all-weather roads, showing that the people demanding this class of road and were willing to pay their portion of it, stated the Premier.

Carbon Road to be All Weather Soon. While on the subject of highways Mr. Reid said that Carbon citizens were in the very near future have an all-weather road through town and he hoped that the people would appreciate this much needed project, as he believed they would.

Dealing with the record of the Government the Premier stated that it had been one of efficiency and laws had been drafted for the purpose of serving the majority of the people. Taxes had been levied, but they were luxury taxes and income taxes which did not burden the person on small incomes. Gasoline tax had been raised but license fees had been lowered, and it was the policy of the government to still lower these license fees until such time as they would merely be a registration fee.

Repeating to the criticism of many that the government was controlled by the financial barons, Mr. Reid was very emphatic in stating that this was not the case and that it was his personal belief that the firm of Solloway & Mills which had been prosecuted for dis-

Johnson and Foster Outline Principles of Social Credit

CARBON TENNIS PLAYERS TO PLAY SEAS, IN CALGARY

An interesting tennis match is being arranged between Seab, 1934 winners of Bank district inter-club championship, and the Carbon Tennis Club, who were 1934 winners in the Trunkville District championships. This match is to be played on the courts of the Calgary Lawn Tennis Club on August 15, commencing at 2 p.m.

Speaker Explains Where Dividend Money to Come From

GOOD CROWD PRESENT

Under the chairmanship of V. R. Hawkins, and with a crowded hall Social Credit speakers were welcomed at a meeting in Carbon last Wednesday night.

Mr. Johnson was the first speaker and spoke for some time on the criticism of the other parties and the Economic League of Social Credit. The speaker went on to say that at the Alberta Professor had made the unfair statement that Alberta's annual income was not as great as only 100 million dollars, but this was only the raw materials, which when manufactured by over 800 manufacturing concerns many times that amount.

The speaker dealt for a short time on the character of their candidate, who was an upright and honest man who had made a success at school teaching, and later in business life. Mr. Johnson had the chart of ballot which would be used on election day and urged the audience to vote for the Social Credit Candidate, saying that personally he would "plump" for Mr. Reid, so as to give second choice to any other candidate should the Social Credit man fail to be elected on the first count.

A. B. CLAYPOOL, M.L.A.

Who, with Premier R.G. Reid, held a Successful Meeting at Carbon on Friday Afternoon Last

LETTERS TO THE EDITOR

The Editor, Carbon Chronicle.

Sir—The more I study the theory of Provincial Social Credit as propounded by Mr. Aberhart, the more traditional it appears to me. I dread to think of the terrible results that may follow of this experiment is tried in Alberta especially to those who are recipients of a monthly dividend from the federal government, namely soldiers' pensioners, pensioners on relief, and old age pensioners; or those mothers who receive a monthly check from the provincial government. It is not my wish, neither my intention to offend, but we must face the facts of the possible danger that are ahead for those people mentioned above. If Mr. Aberhart's theory is adopted.

Now, why is the pension paid to the returned man. Is it a reward for his services during the war? Certainly not if it is so, why doesn't every returned man get it whether he is disabled or not? This pension is to compensate him for any disability caused through his services to his country and the government gives him a monthly dividend so that he can feed, clothe and shelter himself and family. This same rule applies to pensioners on relief. They have only to read the questions and answers in Hansard of Feb. 22, 1925, page 1206 to know what would happen to their relief if Mr. Aberhart started his bank dividends. And those who are receiving old-age pensions who know that 75 per cent, or fifteen dollars out of the \$20 they receive every month is paid by the Dominion Government. Do you think for one instant that they are going to continue to pay this to you when Mr. Aberhart says that if he is elected you are his responsibility and he will feed, clothe and shelter you?

The federal government has so many other places where they could spend their money that they would group their money as Dominion checks. You can give, to relieve them of this responsibility. I ask you people who are getting a monthly dividend check from the Dominion government, do you prefer Mr. Aberhart's Social Credit tickets, that can only be used in Alberta, but to the Dominion government's check that will be accepted at face value in all parts of Canada?

Those who receive money's allowance are the sole responsibility of the Province, but their monthly check is just as good today, and is just as acceptable as Dominion checks. You can cash them at any bank, and get good Canadian dollars in exchange, and they can also be transferred by bank draft, money-order or postal note to any part of the world, to buy any of the goods that you may desire. You mothers, do you prefer Mr. Aberhart's monthly credit ticket, or this government check?

When you people vote for Mr. Aberhart (Continued on back page)

WILL BE FOUR CANDIDATES AT LEAST IN BOW RIVER RIDING

A nominating convention will be held by the Conservatives of the Bow River riding on Thursday, August 15, (today) in the Arma hall, commencing at 8 p.m. The meeting will be addressed by Percy Davis, M.P., Athabasca, while a candidate will be selected to contest the Bow River riding in the coming Dominion election. It is expected that Mayor Andy Davidson of Calgary will be the choice of the convention.

This will make three candidates to date to contest Bow River, as E. J. Garland, C.P., has been nominated as U.P.A. candidate with C.P.P. backing, while C.R. Walrod of Beckford is the Liberal standard bearer. The Stevens Reconstruction party may enter a candidate, as well as the Social Credit group.

NO RUST DAMAGE IN CARBON DISTRICT

The question has been raised and asked as to whether there is any rust damage in this district. Authorities state that to date there has been no indication of rust either in the district or in Alberta, although heavy damage is being done in some parts of Manitoba and Saskatchewan.

The rust is a plant disease that is serious in the central states, and which has been carried to Canadian provinces by winds and other sources. In many cases its presence cannot be indicated, but harvest operations show that the plants of the various crops, there is no wheat in the head which has been prevented from forming by the rust parasite.

We are not liable to experience rust in this part of the province owing to the position of the territory and the higher level of the land.

GRADING ON HIGHWAY ALMOST COMPLETED

Grading on the seventeen miles of the new highway through Carbon has been almost completed and the new road has many advantages over the former traffic route. There remains a portion on the west end to be completed, and some leveling to be done on various stretches of the road. There has been no work done through the town streets to date, but with the exception of this, the grading is almost completed.

When Premier Reid was in Carbon on Friday he stated that Carbon would have an all-weather highway in the very near future and this has been interpreted to mean by many that the travelling will be done almost any time after the grading has been completed. Mr. Claypool has also stated in the past couple of weeks that it was the department's intention to gravel the road as soon as it was ready to be done, and we need have no fears in this regard.

"Who writes the advertisements for the bank?"

"I don't know, but I'm sure it's not the same man that makes the loans."

Lady: "Can Mr. Smith see me?"

Cheeky Youth: "You bet! He will always see a pretty girl. What name please?"

Lady: "Mrs. Smith."

Partner Perkins: "When I die, Nell, I want you to marry Deacon Brown."

Nell: "Why, him?"

Partner Perkins: "Because he trimmed me in a horse deal once."

BANK MONTR'L TO CONSTRUCT NEW BUILDING

Bennett & White, of Calgary Secure the Building Contract

TO START IMMEDIATELY

Carbon is to have a brand new bank building! This was the statement rendered by our local bank manager, Mr. McElroy, on Sunday, last week.

The old idea of moving a building to Carbon from east of the river has been abandoned by officials of the Bank of Montreal and they have decided to erect a modern structure on their lot next to the Drug Store. The foundation for this building was completed almost a year ago, but no further work was done at the time, and the announcement of the new premises comes as a complete surprise, but with the approval of the town and community.

We are informed that the new project will cost approximately \$25,000 and that the building will be a two-story structure, the site of the present basement and foundation.

Robert White, contractors, of Calgary, have the contract to build the new structure.

The building is expected to be completed in the near future, and to be congratulated on their decision to erect a modern structure in town, and evidently they have no fear of Social Credit doing their bit of business.

CARBON TENNIS NOTES

Carbon Boys Win Alberta Provincial Tennis Championships

Two Carbon boys, Norman Nash and Robert Wilson, won the Junior Men's Doubles Championship of Alberta at the Alberta Lawn Tennis Association Championship tournament held in Calgary from August 5th to 10th. They defeated Groberman and DeBite, Calgary, in the quarter-finals; and B. Wilson, W. Wilson, Calgary, were defeated in the semi-final; and Penland and R. Penland, also of Calgary, were defeated in the final.

The success of these Carbon boys is very gratifying to those who have worked so hard to make the Carbon Tennis Club a successful one.

Bruce Ramsay and Miss Mabel Ramsay also competed in the tournament. Bruce Ramsay reached the fourth round in the Country Singles, and lost only to C. Rounhead, Coleman, in a three set match.

Miss Mabel Ramsay was drawn to play Mrs. Willson the Southern Alberta champion and lost by 11-8, 4-8, in the Country Singles. Mrs. Willson was successful in going right through and winning this event, defeating Miss Gold of Cochrane, in the final.

Miss Gold, partnered with N. Nash in the District and Provincial Mixed Doubles, won the Ladies' and Junior Girls' championship, defeating Miss M. Thompson, Calgary, in the semi-final and Miss Stewart, Claresholm, in the final.

TOWN & COUNTRY Personalographs

Mr. and Mrs. R. J. Fairbairn and family, of Calgary, spent a few days in Carbon last week, the guests of Mr. and Mrs. S. F. Torrance.

Mr. Silver, of Calgary, was a Carbon visitor last Thursday with his brother-in-law, I. Guttman.

Mr. and Mrs. L. Paxon returned on Friday after spending a few days at Calgary and Edmonton.

Mr. C. Olfant left last Wednesday to spend a couple of weeks with friends in Calgary.

Miss Louise Riley received word on Sunday that her uncle had passed away at Okotoks, and she left to attend the funeral.

Mrs. C. Pison returned on Wednesday from Cardston, where she was visiting with her brother-in-law and sister, Mr. and Mrs. E. Sellens.

Born, to Mr. and Mrs. L. McCracken, on Wednesday, August 7, a daughter.

Mrs. W. Poxon is spending the week at Inglewood, looking after business interests there.

Joe, W. Baird returned to Calgary on Saturday after spending the past few weeks in Carbon.

According to an advertisement in the Calgary papers the Red Bus Lines have made a change in the time leaving Calgary and in future the bus will stop for Drumheller, Trepan and Stettin at 4 p.m., instead of 4:30 p.m.

Mr. and Mrs. Hugh Brown and daughter returned last week from an extended motor trip to the Pacific coast.

A new cut-off for the new highway is being put in this week on the approach to town from the west.

Numerous political meetings are being arranged for this coming week by various candidates in the provincial election, which takes place here this morning, August 26th.

Mr. and Mrs. Aaron Klason motored to Calgary on Wednesday of this week.

Mr. and Mrs. A.P. McRobb and family left on Friday for Champion, and expect to be back on Friday.

Miss Rose Schwartzman left last night for a few days holiday at her home near Acme.

The weather turned quite cool on Wednesday, after a few days of heat, and it feels like fall today (Wednesday).

West Carbon took the stranger softball team into camp on Sunday, winning the double header 3-7, and 4-1.

Rev. and Mrs. Riterman returned on Thursday last from Winnipeg, where they attended conference, and spent their holidays.

Winter wheat is beginning to show these days and considerable barley and other coarse grains have been cut in the district. Wheat is ripening slower than in the past, but even now, cutting will not commence in earnest for another week or more, according to reports.

Now is the time to prepare your fall advertising. Harvest circulars or advertisements will be common soon and the early bird gets the worm. Get in touch with your local printing of the new and prepare your copy.

DISTRIBUTION OF IMPERIAL OIL SHARES

Distribution of 295,528 shares of Imperial Oil Ltd. with a market value exceeding \$1,000,000 has been made within the next few days to 3,557 of the company's employees in Canada. Some of these shares went into practically every community in the country and a list of the occupations of the employees who received them would be almost endless.

In Manitoba 3,453 shares were distributed; in Saskatchewan 13,175, and in Alberta 21,849.

The employees secured this stock over a period of three years through the company's Fourth Co-operative Investment Trust. Due to the company's contribution and appreciation in the value of the stock the employees actually paid only about \$16,000,000. G. Harrison Smith, President of Imperial Oil Ltd., commenting on this distribution said that years ago the shareholders had speculated on Canada's future by investing millions of dollars in oil and gas.

NOTICE

NOTICE is hereby given that in the Electoral Division of Didsbury, the Official Agents of the Candidates are as follows:

For Claydon, Austin Bingley, of Township 36, Range 24, West 4th; Official Agent, W. Brown, Three Hills.

For Foster, Edward Pete, of the Town of Three Hills. Official Agent, D.J. Witter, Three Hills.

For Gough, Alfred Sydney, of Township 36, Range 1, West 2nd. Official Agent, H. Sutherland, Cardston.

For Shelton, Andrew, of the Town of Three Hills. Official Agent, W.H. Davies, Three Hills.

DATED at Acme, this Twelfth day of August, 1935.

JOHN BLAIR EARLE, Returning Officer

FOUR CANDIDATES ARE NOMINATED IN RIDING

Four candidates were officially nominated to contest the seat for Didsbury riding in the forthcoming provincial election, and nomination papers were filed with returning officer, John Earle, at Acme on Monday.

The four candidates, in alphabetical order, are: Claydon, Austin Bingley, Farmer, C.P.A. Inc.-mont. Foster, Edward Pete, Wholesale Oil Merchant, Social Credit. Gough, Alfred Sydney, Farmer, Conservative. Shelton, Andrew, Auctioneer, Liberal.

All four candidates are now active and the result of the fray will no doubt be announced some time next Thursday night.

LETTERS TO THE EDITOR

(continued from front page)

Social Credit with its mythical bank dividends, you are deliberately telling the federal government that you are not responsible for the help. You would rather be a responsibility of Mr. Abernethy and it is possibly they may take you seriously. Do you think you are secure in your monthly dividends from the Dominion government if Alberta isolates herself from the rest of Canada?

Dear readers do you not realize by now that if the provincial social credit scheme, into power, there will be no money loans in circulation in Alberta. The only medium of purchase you will have will be a credit ticket of that no one, not even your merchants, can "be forced to take" if you have in possession of bank or Dominion currency and do not put it in the state credit house in exchange for Alberta stage money you will be immediately outlawed. This is stated in the Social Credit Manual, by the leader, so it must be authentic.

I would advise you to think over these points that I have placed before you and reason them out, because the way you mark your ballot on August 22nd may be the deciding factor between constitutional government and progress, or a dictatorship and chaos.

I often wish my thoughts would "flow freely" from the pen as Mr. Abernethy says his new money will do. I would take you people out of this slush of demagoguery into a land of Ophelia. I would take you up into the heavenly clouds of expectation, and then I would drop you back on to the rocks of despair. Mr. Abernethy is not the first by promises, and if elected, will do the last by legislation.

We have heard a few remarks over the air by quite a number of political speakers, mostly by the Social Credit advocates, about the fifty big shots that control the greater part of the wealth of Canada. Let me tell you, these fifty big shots are the boys who are about to puncture the Alberta Social Credit balloon.

Dear Mr. Editor, I wish, through the medium of this paper to convey my sincere thanks to you for the space you have given for these letters. I regret I do not have written anything on the subject if Mr. Abernethy or any of his speakers who were going through the country would give intelligent answers to questions asked at their meetings. As for the dray signs of the local leaders, well, they are a joke.

Dear readers, I ask, do these people know what they are talking about. I have not before them facts. I have intelligent criticism from them, and I have

FOUR MISTAKES . . .

A man struck a match to see if the gasoline tank in his automobile was empty. It wasn't.

A man posted a strange bull dog on the head to see if it was affectionate. It wasn't.

A man speeded up his car to see if he could beat the train to the crossing. He couldn't.

A man cut out his advertising to see if he could save money. He didn't.

1000 Miles a day for fifteen days did it easily!

You can get service like this from your tires if you buy G3's. These famous Goodyears cost no more than standard tires:

THEY WANT TO KNOW

Another new record, Mr. Claypool, who has represented Didsbury in the Legislature for fourteen years and is now canvassing for the Government before the electors of Didsbury, spoke at Okotoks for an hour and a half and had to spend four hours and a half answering questions.

If that sort of thing gets to be common a lot of candidates are going to drop out of the campaign before polling day. Only a man who has stout lungs, an incurable ambition, and no business to attend to could make a speech every evening for a month and spend half the rest of the night explaining what he said, and didn't say, and why.

The plain inference of course, supported by other sections of the province, is that the voters are taking a keen interest in provincial affairs; they wouldn't sit up till morning listening to explanations and asking for more if they were not more than usually interested. And that is all to the good, provided it is not carried to the point of taking candidate into hospital.

This is the first time in five years the public have had a chance to discuss the affairs of the province with a view to making their opinions immediately effective. What they know of the situation is quite enough to whet the anxiety to know more--Edmonton Bulletin.
